Gain-Stovall, Inc. to provide PR services to Champion Window Company of Denver

Colorado Springs – Champion Window Company of Denver (Champion) has retained the services of Gain-Stovall, Inc., (GSI) a public and government relations firm based in Colorado Springs.

Champion, located at 10000 E. 45th Avenue, serves the greater Denver area. It takes a single source approach to home improvement that includes manufacturing, installation and service out of its 130,000 square foot factory and 10,000 square foot showroom on the premises.

GSI will help create greater awareness of the company's products and services. The firm has worked with Champion Windows of Colorado Springs and looks forward to taking a similar approach with the Denver operation.

"We like Champion's commitment to educating the customer, its strong customer service and a desire to give back to the community," states Bob Stovall, President of Gain-Stovall, Inc. "Our company looks forward to working with Division Manager Paul Bonow, and his team."
